These financial statements were approved by the board of directors and were signed on its behalf by:

RK Lawton Director Company registered number : 6243736

Dynamatic Limited

Notes : (forming part of the financial statements)

1 Accounting policies

These financial statements are prepared on the going concern basis under the historical cost convention, and in accordance with the Companies Act 2006 and applicable accounting standards in the United Kingdom. The following accounting policies, which have been applied consistently in dealing with items which are considered material in relation to the financial statements, except as noted below;

Going Concern

The financial statements are prepared on a going concern basis which the directors believe to be appropriate for the following reasons:

The Company is a subsidiary of Dynamatic Technologies Limited and the Company bank funding is secured by the group. The Company meets its day to day working capital requirements through its secured financing. The directors have reviewed the cashflows forecasts for the company for a period of twelve months from the date these financial statements are signed. Taking account of reasonably possible changes in trading performance, the directors are satisfied that the Company will generate sufficient cash flows to allow the Company to operate within the facilities in place and to meet its liabilities as they fall due for payment for the forseeable future. Dynamatic Technologies Limited have also confirmed they will provide support to company to meet its liabilities as they fall due for the foreseable future.

Turnover

Turnover, which excludes value added tax, is recognised when the significant risks and rewards of ownership are transferred to the customer and is measured at invoice value less returns.

Tangible fixed assets

Tangible fixed assets are held at cost and depreciation is calculated to write off the cost of these assets their estimated useful lives at the following rates

| Leasehold improvements | 12.5% - 33% |
|-----------------------------|-------------|
| Plant and machinery | 20% - 12.5% |
| Tooling | 20% - 33% |
| Computer Hardware /software | 20% |
| Fixtures and fittings | 20% - 33% |

Stocks and work in progress

Stocks are stated at the lower of cost and net realisable value. The cost of products manufactured by the company consists of direct material and labour costs together with the relevant factory overheads.

Taxation

The charge for taxation is based on the profit for the year and takes into account taxation deferred because of timing differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is recognised, without discounting, inrespect of all timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date, except otherwise required by FRS 19.

Research and development

Research and development expenditure is charged to the profit and loss account when it is incurred.

Foreign currencies

Transactions in foreign currency are converted at the rates of exchange ruling when transactions are recorded. Assets and liabilities denominated in foreign currency at the financial year end are adjusted to reflect rates of exchange ruling at that date. All exchange differences are taken to the profit and loss account.

Pension scheme arrangements

Costs in respect of defined contribution schemes are charged to the profit and loss account as incurred. The company provides no other post retirement benefits to its employees.

Operating Leases

Costs in respect of operating leases are charged of to the profit and loss account on a straight line basis over the lease term

Related party transactions

As the company is a wholly owned subsidiary within a group that prepares consolidated financial statements, the company has taken advantage of the exemption from disclosing transactions with group entities under FRS 8

Cash flow statement

Under FRS 1, the Group and Company are exempt from the requirement to preapre a cash flow statement on the grounds that a parent undertaking includes the Company in its own published consolidated financial statements.

Basis of consolidation

The consolidated financial statements include the accounts of Dynamatic Limited and its subsidary companies made upto 31 March 2011. The results of the subsidiaries are consolidated using the acquisition method of accounting. Under this method, the results of the subsidary companies acquired or disposed of int he period are included in the profit and loss account from the date of acquisition or upto the date of disposal.

In accordance with Section 408 of the Companies Act 2006, Dynamatic Limited is exempt from the requirement to present its own profit and loss account. The result for the period dealt with in the financial statements of Dynamatic Limited is disclosed in note 18, to these financial statements.

Goodwill

Purchased goodwill (representing the excess of the fair value of the consideration given over the fair value of the separable net assets acquired) arising on business combinations in respect of acquisitions is capitalised and amortised ovewr its expected useful life of 20 years.

Investments

In the Company's financial statements, investments in subsidiary undertakings, associates and joint ventures are stated at cost.

Notes (Continued)

2 Turnover

Turnover is derived from substantially the same class of business, nemely the supply of gear pumps, valves and integrated hydraulic packages, incorporated gear pumps, piston pumps, valves, filter heads and services/ measurement ports
